I certify that, to the best of my knowledge, the details given in this application for a licence to provide digital radio broadcasting services are correct, and that I have read the Broadcasting Act and understand the terms under which licences to broadcast are issued. I understand that, if awarded the licence, tape recordings of all output, apart from commercial tapes, records or discs (with timings), will need to be made and retained for ninety days prior to being recycled and that if phone-ins are part of the station's programming a delay mechanism will need to be installed and instructions given for its use where necessary.
